

It is with great pleasure that I recommend Jennifer A. Steele as a realtor and agent for anyone planning to buy or sell a home. Unexpectedly, I found myself in the position of needing to find a new home for my family within a short amount of time. Ms. Steele was instrumental in supporting this life changing move. Throughout the entire process Jennifer was professional, conscientious, and motivated to assist with finding the house of my dreams. I deeply appreciated Jennifer's patience and commitment as we toured Indiana County viewing several properties before arriving at the one which felt like home.

Once the perfect home was located, Jenn worked hard on my behalf to negotiate a price with the seller, connect with the home inspector to arrange for property inspections, and provide sound advice on the many details involved in the purchase of our new home, including successfully negotiating with the seller to pay for repairs.

Jennifer is a dependable team player. She was always reachable, and always promptly responsive, regardless of the hour or day of the week. She immediately attended to every question or concern. I would gladly do business again with Jennifer A. Steele and Hewitt Real Estate, and will continue to give them my highest recommendation to anyone considering a home purchase or sale.

Sincerely,

Elana Shively
